## SOCIALISATION WORKSHEET 1

### INSTRUCTIONS

- Please complete the following as and when your foster dog encounters any of these situations by placing a tick in the box which best describes the dogs' reaction.
- These worksheets are to stay with the dog as it passes through the program so that its progress can be tracked and the dog introduced to new situations. It should be noted that even where a dog has 'passed' a certain socialization criteria you should still work on it to ensure the dog remains comfortable in that situation.
- Please note any additional comments at the bottom of the form.
